To Whom It May Concern,

It is with pleasure that we write this reference for Gerard Heid and his company Heid Remodeling. Gerard has proven to us in two projects that he can anticipate, problem solve and execute without our supervision or prompting from us. Both projects were extremely challenging. He took an old fashioned duplex in the first and completely transformed it to a modern mountain home. In the second he created space under a garage for a large living room bathroom and bedroom. It does not have an underground feel due to his ingenuity with excavation and maneuvering of duct work etc.

Gerard directed the architects well and had many good ideas for maximizing the conversion. He is cost conscious in his ideas. His workmanship is first class, clean and orderly and his trades really respect him. We have found him to be scrupulous honest and he has a great eye for design. We left him to design our bathrooms which were marvelous. Both our projects were completed on time and on budget which are the hallmarks of a professional!

In today's world of unprofessional mediocrity Gerard Heid is a breath of fresh-air. You will be extremely satisfied with the outcome and be writing your own reference of the positive experience. We would be happy to discuss further or arrange for you to see our project.

Yours Sincerely,

Ursula and Paul Higgins
